Meet at the registration table at 12:30. Tour group leaves promptly at 12:45 p.m.

Walking Tour: The magnificent Smith Opera House opened on October 29, 1894, with a production of *The Count of Monte Cristo*, starring James O'Neill, father of playwright Eugene O'Neill. The Richardsonian Romanesque-style theater was the dream of local philanthropist and businessman William Smith, constructed with the vision of bringing culture and entertainment to the Finger Lakes area. The Smith Opera House continues as one of the oldest operating performing arts theaters in the United States. It is recognized by the National Register of Historic Places and has been called an architectural gem by *The New York Times* and the *Smithsonian*. Come and step back in time as you enjoy the architecture and the stories that have shaped the people and the culture of Geneva and the Finger Lakes since 1894.

White Deer, Seneca Depot Bus Tour (limit 20) 2:00-3:30 p.m. \$25.00
Meet at the registration table at 1:30. The Depot is 10 miles from the Hotel where we will board the bus for the tour. Carpooling will be available, please note if you need a ride on your registration form under the "special needs" section.

After more than 70 years, the public can finally see the world's largest herd of white, white-tailed deer in the world, other wildlife, and the relics of 60 years of secret weapons storage. We will visit one of the 519 earth-covered concrete igloos that stored everything from pistol cartridges to tactical missiles, from conventional bombs to nuclear warheads. We can never guarantee where the mystical white deer will be, but our tour guides know the best locations and will stop for pictures as they appear. This is your opportunity to see the hidden world and experience the magic of the white deer yourself. Walking is limited to visiting one of the storage bunkers and boarding the bus.
